

BANDITS RUN DOWN
AND PUT IN JAIL

THE GORIN, MO., ROBBERS CAPTURED BY POLICE.

Charles Abraham and Lincoln Overfield the Two Men Caught and the Former Is so Dangerously Injured That He Will Die—Details of the Crime.

CHICAGO, Sept. 19.—Officials of the Atchison, Topeka & Santa Fe railroad in Chicago are congratulating themselves on having nipped in the bud a train robbery. In the affray with the robbers which took place near Gorin, Mo., early yesterday morning Engineer Prescott was shot, but not killed.

The train which was held up was the Colorado & Utah express, which left Chicago Monday afternoon at 5 o'clock. The officials, having been apprised several days ago that the train was to be stopped by bandits, resolved to give the outlaws a warm reception, so when the engineer pulled the lever Monday in the Chicago depot he, as well as the train crew, knew there was warm work ahead.

At Joliet Chief Detective Kenney and Detective G. C. Montgomery of the company got on the train. They were joined at Streator by two more men and at Galesburg J. H. Mathews boarded the train. All these special officers were armed with revolvers and in the express car were a number of Winchester rifles.

Mathews is the man who had discovered the plot to rob the train. He had found out that the robbers expected to get at least \$50,000 and that the attack would be made near Gorin, Mo. Mathews told details to his partners as the train approached toward Fort Madison, Iowa. At this point the guards were joined by Division Superintendent Stockton of the Wells-Fargo express company. He also brought with him four other trusty men.

Mathews had previously arranged with a spy he had placed with the bandits that the train should be stopped by a torpedo placed on the track and the spy a moment later was to flag the train. At about 2 o'clock the sheriff of Scotland county, in which Gorin is situated, got aboard; the party was now complete and the explosion of the torpedo under the wheels of the engine began to be expected.

One mile east of Gorin the rails are laid between two high embankments. As the engine struck its headlight out of this cut the looked for explosion of the signal came. Engineer Prescott gave a sharp whistle, applied the air brakes and as the train came to a standstill in the darkness the expectant guards saw the man with the flag on the track in front and out of the brush at the side of the road came four armed men wearing masks.

One rushed up to the engine cab and with a loud cry of "Throw up your hands!" leveled a gun at Prescott, at the same instant pulling the trigger.

The bullet struck the engineer in the shoulder and he fell to the floor of the cab.

Chief Detective Kenney jumped from the cab to the coal on the tender and thrusting his gun in the face of the man who had shot Prescott, pressed the trigger. How it was that the robber escaped having his head blown off no one seems to know, but Mr. Bandit scampered off to the woods. His reception had been too warm. Kenney's shot also scared the other emulators of Bill Dalton, stopping long enough at the edge of the woods to fire two shots each.

Engineer Prescott was taken to a farm house in Gorin, where his wound was dressed, and the train proceeded on its way to Kansas City.

A large posse immediately went in pursuit of the robbers, who were well known, a spy of the Santa Fe having been in the plot from the first. Charles Abrahams, the man who shot the engineer, was found at his house in Gorin, Mo., with his entire right arm and shoulder shot to pieces. He is dying. Lincoln Overfield, his accomplice, who escaped unhurt, was captured later in the day. The rest of the gang, if there are any more implicated, will be apprehended to-day. The robbers claim McDaniels, the Santa Fe spy, led the men into the attempted robbery and then betrayed them.

FUNDS FOR FIREMEN.

Effort to Relieve Men Who Went Out in the Lehigh Valley Strike.

HARRISBURG, Pa., Sept. 19.—The convention of the Brotherhood of Locomotive Firemen is still debating the proposition to raise funds for the relief of the idle firemen who went out in the Lehigh Valley strike last year. Several plans have been considered, but no conclusion has been reached. The greater part of yesterday's session was given up to the discussion of these propositions and the consideration of committee reports. The opponents of Vice Grand Master Hanahan are working incessantly to prevent his re-election, and it looks as if they might succeed. Debs is doing all he can to prevent Hanahan's defeat.

Place for Mansur.

WASHINGTON, Sept. 19.—The President has appointed Charles H. Mansur of Missouri assistant comptroller of the treasury. Mr. Mansur has held the place of second comptroller of the treasury, which office was abolished by the Dockery commission.

FIRST SHOW OF FROST.

Reports From Nearly All States Tell of a Slight Nip.

CHICAGO, Sept. 19.—Reports as to the condition of crops throughout the country and the general influence of weather on growth, cultivation and harvest, made by the directors of the different state weather services of the United States weather bureau and received by telegraph at this city, are as follows:

Illinois—Frost in northern portion Sept. 11; no damage. Corn maturing fast; chinch bugs damage some sections. Decided improvement in pastures. Ground in excellent condition for plowing and seeding.

Indiana—Showers have improved pastures and gardens in most sections, and seeding progressing rapidly; corn maturing slowly, and is filling well; much in shock and most corn free from frost.

Wisconsin—Rain has been general in all sections; grass shows a remarkable growth and fall feed is abundant; potatoes improving; corn turning out better than was expected; cranberries nearly all picked; considerable wheat and rye sown.

Minnesota—Temperature above normal; nights cool, with frequent frosts, which only damaged garden truck; good showers Friday, but more rain needed; fall plowing progressing rapidly; potatoes being dug, yield light.

Iowa—Corn generally safe from frost; more than the usual amount of fall plowing has been done; pastures and late potatoes show marked improvement.

Michigan—Frequent rains of past week have benefited pastures and allowed farmers to push fall plowing and wheat sowing in many localities; corn cutting nearly all finished; crop light.

Nebraska—Little change in crop condition; rain much needed for fall plowing and seeding; frost Sept. 15 did little damage.

TALKS ON DEEP WATERWAYS.

High Court of Arbitration Between United States and Canada Is Favored.

TORONTO, Ont., Sept. 19.—At the deep waterways convention yesterday D. T. Howland, Toronto, suggested a common high court of arbitration to decide all disputes between the two countries. A committee was subsequently appointed to draft a resolution requesting the governments to establish such a court. L. E. Cooley of Chicago said a twenty-foot waterway from the ocean to Lake Ontario was quite feasible. It would cost about \$27,000,000. There was a scheme for a canal from Lake Erie to Lake Ontario in United States territory. This he estimated would cost \$23,000,000. A deep waterway from the ocean to Lake Erie would cost, all told, \$30,000,000. Mr. Cooley thought an attempt to deepen the canals would prove disappointing. His idea was to terminate the deepening at Lake St. Peter, and then diverge to Lake Champlain and down the Hudson river to the seaboard.

NEW TREATY NECESSARY.

Spain and the United States Must Make New Arrangements.

WASHINGTON, Sept. 19.—Spain and the United States have notified collectors to exact on importations from the other country the rate of duty in force before the Blaine reciprocity arrangement, and the Cuban planters are bringing such pressure on the Cortes that a new treaty may result. This will not be done easily, however. Spain must sacrifice a part of the duties on American products, while the prospective loss on imported sugar to the United States, when the revenue is so badly needed, will greatly endanger the chances of a successful accomplishment.

Tennessee Miners Go Out On Strike.

KNOXVILLE, Tenn., Sept. 19.—All the miners in the Jelico district, with the exception of those employed in the Woodridge and Standard mines at Newcomb, are out on a strike. The cause is the failure of the operators to live up to a contract made two months ago regarding the screens. No fears of any trouble are entertained. The operators will make the change demanded and the miners, it is understood, will return to work.

Two More of the Gang Are Arrested.

GUTHRIE, Okla., Sept. 19.—John Crisley and Joseph Chowder of Tecumseh were brought here yesterday and lodged in jail, charged with being leaders of a gang of counterfeiters that have been flooding the territory with spurious coin. This makes ten members of the same gang now under arrest and it is believed that in their imprisonment a dangerous gang is entirely wiped out.

Three Killed By Lightning.

OWINGSVILLE, Ky., Sept. 19.—The residence of Marshall Corey, a prominent farmer living near this city, was struck by lightning at 4 o'clock this morning. Corey, his wife and daughter, aged 18 years, were instantly killed. Several others were in the house and are injured, but it is thought not fatally.

Wheat Crop in France.

PARIS, Sept. 19.—The official report of the wheat crop of 1894 shows a total of 121,062,781 hectoliters. As the crop of 1893 totaled up 97,792,080 hectoliters, this year's crop is 23,270,701 hectoliters in excess of that of last year.

NAVAL FIGHT COSTS
BOTH SIDES DEAR

CHINESE AND JAPANESE VESSELS BOTH GO DOWN.

Former Lost Two By Fire and Two Foundered, While the Japs Also Had Four Go to the Bottom—The Prisoners Who Could Walk Paraded.

SHANGHAI, Sept. 19.—In yesterday's naval battle the Chinese lost two warships by fire and two were sunk. The Japanese also lost four vessels. Great consternation prevails in Peking. The emperor is determined to take the management of affairs into his own hands. The battle took place off Galu where a Chinese squadron was covering the landing of a large force. The landing was effected with success, but in the meantime a Japanese fleet attacked the assailants. In the fighting that followed the Chinese warship Chen Yuen was sunk by the fire from the attacking fleet. The Yang Weir, also belonging to the Chinese squadron, in attempting to get out of the range of fire or in maneuvering for a position, was run aground, where it remained. One other Chinese ship is reported to have been sunk. The Japanese are also reported to have sustained a heavy loss, three of their vessels having been sunk by the fire from the Chinese. Admiral Ting and Major Hannikin are reported having been killed during the attack. No estimates are made of the losses by either side.

LONDON, Sept. 19.—A dispatch received here from Ping Yang, Corea, dated yesterday, says that every hour adds to the crushing character of the Chinese defeat. It is added that the first estimates were slightly under the actual facts and the total of the Chinese losses during the two days' battle is said to be over 17,000 men killed, wounded and prisoners. Japanese cavalry is continuing the pursuit of the Chinese who succeeded in escaping and detachment of troops continue bringing in squads of captured Chinese. The Chinese prisoners who were not wounded were paraded yesterday morning in a circle of Japanese troops and it was seen that they numbered 14,500. It is probable, however, that this number will be increased during the next few days by the prisoners who are being constantly brought in. Many of the Chinese captured were found hiding in the quiet portions of the city. Besides Gen. Tso Fonk-Wai, commander-in-chief of the Manchurian army, who fought desperately to the last and only surrendered when he was badly wounded, the Japanese captured four other important commanders of the Chinese forces—namely, Gen. Tso Paok Wai, Gen. Wei Ink Wei, Gen. Nany Kow Eng and Gen. Sei Kin Lin, partially all the effective Chinese staff. The Chinese prisoners are to be sent to Japan in batches of 1,000 on board Japanese transports now at anchor in the Ta Tung river. The Times says: The new treaty between Great Britain and Japan fixes the duties on all articles imported into Japan exceeding an annual value of \$50,000,000 at a slightly increased rate, while Japan retains the right to fix her own tariff on articles of lesser annual value. The treaty will be in force for twelve years. The abolition of foreign jurisdiction will not occur until a lapse of five years, when it is expected that the new Japanese codes will be completed and the new tribunals organized. In return for these concessions the whole of Japan will be opened to British trade and industry as soon as foreign jurisdiction is abolished. In the meantime British merchants may travel through the country and prospective arrangements for.

SHANGHAI, Sept. 19.—An elaborate system of espionage has been maintained for many years in the Peking provinces by the Japanese government. Since the outbreak of the war liberally paid Japanese agents have been found among the employees of Chinese public offices and in Chinese arsenals and camps. The Chinese authorities are now dealing summarily with spies, whether they are Japanese or natives of China.

The telegraph line from Ping-Yang has been interrupted since the 13th inst. Recognized as a Civilized Nation. WASHINGTON, Sept. 19.—The new treaties which Japan is negotiating with the great powers, including the United States, are regarded in diplomatic circles as an event in international affairs quite as important as the Chinese-Japanese war, as the treaties will, for the first time, give official recognition to Japan as one of the sisterhood of civilized nations. The terms of the treaty with Great Britain have just been made public. A similar treaty is now being negotiated with this country, and it is expected to be second of new treaties to be signed. Then will come a like treaty with Germany and other powers.

The significant feature of this new series of treaties is that they for the first time deal with the Japanese as a civilized nation entitled to the same treaty rights as the countries of Europe or the western hemisphere. All of the Japanese treaties now existing treat her as a half-barbarous country.

MR. JONES REFUSES
TO QUIT THE FIGHT

SAYS THAT HE WILL NOT RESIGN.

Interview this Morning Puts Him on Record in No Uncertain Way—Levi P. Morton Named to Lead the New York Republicans—Other Political Points.

RENO, Sept. 19.—Senator Jones was seen this morning and refused to "get off the track." He insists that he will not resign so the war is on.

MORTON NAMED IN NEW YORK.

The Republicans Nominate Him On the First Ballot Taken.

SARATOGA, N. Y., Sept. 19.—Ex-Vice-President Levi P. Morton was nominated for governor of New York yesterday by the largest republican convention in the history of the Empire state. Three hundred and sixty-seven votes were necessary to a choice. Mr. Morton received 545½ and when the official announcement was made the vast audience arose to its feet and wave after wave of applause interrupted all proceedings for ten minutes.

Ex-State Senator Jacob Sloat Fassett of Elmira developed a strength of sixty-nine votes, which was exceeding small considering the pretensions and

LEVI P. MORTON.

claims of his friends and boomers, who naturally were chagrined over the result. The full ticket is: For governor, Levi P. Morton; for lieutenant-governor, Charles T. Saxton; judge court of appeals, Albert A. Haight.

Congressman Sereno E. Payne, chairman of the committee on resolutions, presented the platform, which extends greetings to the republicans of Pennsylvania, Rhode Island, Oregon, Vermont and Maine "for their prompt and just judgment of an incompetent democratic administration. The platform denounces the Wilson bill as a 'mongrel protective measure, tainted with scandal,' and declares in favor of the policy of protection. The income tax law is also denounced. Other planks of the platform are in line with the national republican platform. On the money question it says: 'We favor an honest dollar, and oppose any effort, whether for the removal of the tax on state bank issues or the free coinage of silver, to lower our currency standard, and we favor an international agreement which shall result in the use of both gold and silver as a circulating medium.' A proposition in the platform against the American Protective association was stricken out by the platform committee.

Carpenters Will Join the Populists.

INDIANAPOLIS, Ind., Sept. 19.—It was learned last night that the national convention of the United Brotherhood of Carpenters and Joiners of America, in session here, will take an active part in politics from this time forth and will probably throw its strength with the populists. In his biennial report President Trenor said labor organizations have failed of their duty in their endeavor to better conditions through striving to control the supply of labor instead of trying to increase the demand for it.

Connected Republicans Meet.

HARTFORD, Conn., Sept. 19.—The republican state convention opened in Foot Guard armory at 2 o'clock yesterday with W. E. Simonds as permanent chairman. The usual committees were appointed, and the convention then adjourned until to-day at 10 o'clock, when balloting will be begun.

New Record for an Unpaced Mile.

PROBIA, Ill., Sept. 13.—E. E. Anderson of Roodhouse, yesterday broke the world's bicycle record for an unpaced mile, Class A, standing start. He made the distance in 2:23, beating Frank Gardner's record made at Syracuse, N. Y., by two seconds.

Operators Anxious to Resume Work.

CLEVELAND, Ohio, Sept. 19.—F. H. Zerbe, a Massillon coal operator of this city, telegraphed to President John McBride at Columbus yesterday asking the latter to come to Cleveland at once. An amicable arrangement with the miners is now hoped for.

Jail Delivery Checked By Bullets.

ALBIA, Iowa, Sept. 19.—Sheriff Lamberton was knocked down by three prisoners in the county jail last evening. They ran for the outer door, but Lamberton fired five shots after them, three taking effect. All were captured.

LI HUNG CHANG DEGRADED.

Loses His Feather for Mismanagement of Campaign in Corea.

LONDON, Sept. 19.—A dispatch from Shanghai says that an imperial edict has been issued depriving Viceroy Li Hung Chang of his three-eyed peacock feather because of his mismanagement of the Korean campaign. Tatsu Shing, it is reported, is intriguing against Li Hung Chang through the emperor's favorite teacher.

The Pall Mall Gazette's Shanghai correspondent says the Japanese are rapidly advancing upon Monkden. The correspondent also says it is reported that Viceroy Li Hung Chang has been deposed.

OWENS' PLURALITY 269.

Official Figures from All but Bourbon County Confirm Breckinridge's Defeat.

LINCOLN, Ky., Sept. 19.—The official count of Fayette county was finished at noon yesterday, giving Owens 205 plurality over Breckinridge. There is no contest or protest of any kind. The Bourbon official count will be made at 2 o'clock.

The Leader publishes a table of seven counties official and Bourbon unofficial, but conceded by both sides, giving the vote as follows:

Owens.....8,072
Breckinridge.....7,803
Settle.....3,393
Owens' plurality.....269

These figures are practically final.

Nebraska Bankers in Annual Session.

OMAHA, Neb., Sept. 19.—The Nebraska Bankers' association met in annual session yesterday. A number of important papers were prepared for this meeting. President C. F. Bentley in his annual address stated that many concerns had been caught in the financial maelstrom by a lack of conservatism in their dealings and thought that the lesson had been of enough severity to not again forget those principles of a sound bank system.

Reunion of Crocker's Brigade.

OTTUMWA, Iowa, Sept. 19.—This city is making great preparations to entertain the famous Crocker's Iowa brigade, which meets here in its seventh biennial reunion Sept. 26 and 27. The newly-elected commander-in-chief of the Grand Army, Col. T. G. Lawler, will be present. All the famous men of the brigade now living promise to attend. One thousand members and their wives will be present.

Mayor Bemis Gains a Point.

OMAHA, Neb., Sept. 19.—In the impeachment proceedings against Mayor Bemis yesterday the motion to strike out the mayor's answer was overruled. Unless the prosecution weakens an immense amount of municipal dirty linen will be aired in court. It is hinted that self-preservation will lead the prosecution to abandon the case.

Young Robbers Are Caught.

SPRINGFIELD, Mo., Sept. 13.—Five youthful burglars and safe robbers, all negroes, have been arrested at Lamar, Mo., and brought here. They have confessed to breaking into the store of the Devore Fruit company here last Saturday night and cracking the safe, from which \$500 in cash was taken. They implicate a number of other boys.

Met Death in Forest Fires.

BUFFALO, Minn., Sept. 19.—Jackson Taylor, Lewis Guthrie and a small boy with a team left here about a month ago for a hunt on Ground House river. They were caught in the forest fires and burned to death. Taylor was the first settler in buffalo, having pre-empted and platted the town site nearly forty years ago.

Supreme Council Thirty-third Degree.

BOSTON, Mass., Sept. 19.—The supreme council of sovereign grand inspectors-general of the thirty-third degree, Scottish rite masonry, went into convention at masonic hall yesterday forenoon at 10 o'clock. Delegates were present from all parts of the country.

Gould Denies the Engagement.

NEW YORK, Sept. 19.—Edwin Gould denies the report that his sister Anna, now in Paris, had become engaged to Prince Francis of Battenburg. This is the sixth engagement of Miss Gould rumored within a year. "There is absolutely no foundation for the story," said Mr. Gould.

Miners Desire to Become Farmers.

PITTSBURG, Pa., Sept. 19.—A committee representing a number of members of the better class of German cokerworkers in and around New Haven, Pa., left yesterday for Douglas county, Wisconsin, where they will secure farming land for their five families.

Old Soldiers at Aurora.

AURORA, Ill., Sept. 19.—The old railroad regiment, the Eighty-ninth Illinois volunteers, held its tenth reunion in Aurora yesterday. Fifty of the veterans answered to roll-call. Galesburg was selected as the place to hold the reunion next year.

Another Body Found in the Debris.

WASHINGTON, Sept. 19.—All day yesterday searchers worked among the ruins of the Stump Bros' mattress factory fire in the hope of finding the bodies of those missing. Last night at 6 o'clock another male corpse was discovered. This increases the total number of dead to six. Still another body is believed to be in the debris.

NEGRO LYNCHING
AS A FINE ARTKERRYVILLE AFFAIR WELL
PLANNED AND EXECUTED.

Sheriff McCarver's Son Tells How Men Were implicated in the Plot to Plot to Hang Barn Burners—Probable Lynching of a Brute at Rogers City, Michigan.

MEMPHIS, Tenn., Sept. 19.—The investigation of the Kerrville lynching received a new impetus yesterday when Bob McCarver, Sheriff McCarver's son, told how the affair was planned. The testimony showed that part of the plot was made in the suburbs of Memphis, when Ned Smith, Jim Sisley, and Frank Berry met Bob and Ed McCarver and discussed the lynching the Wednesday before it took place on Friday night. Bob McCarver told the plot in substance: "I talked with Ned Smith in the front room of my brother's vacant grocery store two days before the killing. My brother, Frank Berry, and Jim Sisley were in another room. Smith called me to one side and asked me to go up to Kerrville with him and told what was going to be done. Sisley said: 'I'd not ask Butch, as he might get into trouble.' Smith said he would not ask me if he thought it would get me into trouble, but there would be no trouble. Smith then said they would catch the barn-burners and lynch them. Smith further stated they had Richardson employed to make the arrests. Richardson was to have the men in charge and bring them toward Memphis in a wagon. Smith told me if I concluded to go with them to come to his house in a buggy the morning before. He also said the warrants had been sworn out and he did not think any trouble would follow the lynching."

PROBABLE MICHIGAN LYNCHING. It Is Thought a Mob Has Strung Up a Young Englishman.

ROGERS CITY, Mich., Sept. 19.—At noon yesterday while the 9-year-old daughter of Thomas Mayefski of the township of Posen, near here, was walking along the highway in company with a younger brother, she was assaulted by a young Englishman, the nephew of J. C. Nichols of the township of Crapo, adjoining. At 3 o'clock the assaulter was caught and taken before Justice Vincent of Posen, where he was fully identified by the girl and her brother. To prevent a lynching on the spot a strong posse at once took possession of the prisoner and started at 6 o'clock last night for the jail here. Up to 10 o'clock the posse had failed to reach here, and it is believed that it has been attacked by the mob and the prisoner lynched.

BASEBALL.

Games Played in the National League Yesterday.

Baltimore's victory over Pittsburg, New York's double triumph over Chicago, and Boston's defeat by St. Louis probably end Boston's chances, and give New York a faint show to overtake the Orioles. Scores made yesterday were:

At Chicago:
Chicago.....0 0 0 0 1 0 2 0-3
New York.....0 0 0 0 1 3 0 0-4

Second game:
Chicago.....3 0 1 0 0 0-6
New York.....4 2 0 3 0 0-9

At Cincinnati:
Cincinnati.....2 0 0 0 0 0 1 1-4
Philadelphia.....1 0 2 0 0 0 2 3-10

At Cleveland:
Cleveland.....0 0 1 4 0 0 2 0-9
Brooklyn.....0 0 0 3 0 0 0 0-3

Second game:

Will Not Act on Satoll's Letter.

NIAGARA FALLS, N. Y., Sept. 19.—The twelfth annual convention of the Wine, Liquor and Beer Dealers' association of the state of New York is being held in this city. President Tekulsky said no action will be taken on Mgr. Satoll's letter.

First Frost in Missouri.

CHILLICOTHE, Mo., Sept. 19.—The first frost this season was noticed at an early hour yesterday morning on the lowlands of this section of Missouri. The damage, if any, is slight, tender vegetables only suffering.

Anti-Tillmanites Fail to Nominate.

COLUMBIA, S. C., Sept. 19.—The anti-Tillmanite convention adjourned early yesterday morning without making any nominations. The state convention meets to-day, and John Gary Evans will be its nominee for governor. The convention will, in all probability, again adopt the Ocala platform. That there will be two tickets, both claiming to be democratic, is almost certain.

Thirteenth Indiana Cavalry.

INDIANAPOLIS, Ind., Sept. 19.—Survivors of the Thirteenth Indiana cavalry had their ninth annual reunion yesterday. There were 150 members present.

M'KINNEY'S COUPON WON ANOTHER RACE

DEFEATS HIS FIELD AT THE
STATE FAIR.

Time the Fastest Made By a Wisconsin Bred Two-Year-Old—G. W. Howe Has a Walkover—Hot Contest Between Horses That Will Be Here Next Week.

Once more H. D. McKinney's trim little two year old, Coupon has trotted under the wire ahead of his field and won money and honors for the man who owns and trains him. He won the purse for his age at the state fair yesterday and his time in the second heat 2:26 1/4, is the best yet made by a Wisconsin bred two-year-old.

Coupon drew the pole in the first heat of the first race, the two-year-old three minute trot. In the pool selling Monday night Coupon was a favorite at \$10 with Binawick second choice. The McKinney colt had no trouble in taking the heat, leading all the way and slowing up a furlong from the wire to allow the others to get within hearing distance. Binawick, the colt that had given Coupon hard races in recent meetings, was second all the way around and finished five lengths back of Wisconsin's champion 2-year-old. Mediumwood was third, a length behind Binawick. The time was slower than was expected. In the second and last heat Coupon was sent at a fast clip all the way and made the mile in 2:26 1/4, which stands as the record for Wisconsin bred 2-year-olds.

Couldn't catch Coupon.

Bay B. attempted to keep close to Coupon at the start, but the pace was too fast and she left her feet at the three-quarters. At the half Binawick left the others and moved up to within three lengths of Coupon, where he remained until the judges' stand was passed. The others were well scattered within ten lengths of the winner. Coupon won first money, Binawick second, Mediumwood third and Bay B. and Red Gamaleon divided fourth money. As all of them are entered here next week the summary is of interest:

First race 2-year-old, three minute trot, purse of \$500.
Coupon, b. c. by Director Chief (H. D. McKinney)..... 1
Binawick, b. c. by Bezan (A. E. Kimberly) 2
Mediumwood, b. c. by Brehwood (Oaklawn Stock farm)..... 3
Red Gamaleon, b. c. by Gamaleon..... 4
Bay B., b. f. by Syndie (G. W. West)..... 5

Mr. McKinney's other colt, George W. Howe, had a walk over in the Wisconsin Futurity. His owner simply jogged him around the track in 3:07 1/4. The horse is by King William L. and has a record of 2:35.

Hot Race for 2:40 Pacers.

The 2:40 pacing race, in which the same horses will meet here next week was a surprise, it being won by Palmetto who defeated the favorite, Badge. The best time was 2:19 1/4 which is remarkably fast for a 2:40 class. The contestants were Palmetto who won the second, third and fifth heats and first money, Badge, who won the first and fourth heats and second money, Spynxetta, who won third money. Mayhill who got fourth money and Little Johnny who did not get a place. These horses are all entered here, and things may be different when they get on the Janesville course.

Baron Dillon, Allie Gee, Baron Rogers, Woodlark, Zero and Esperanza, all of whom are entered here next week, met in the 2:27 class contest at Milwaukee yesterday, the money going to Baron Dillon in straight heats, the best time being 2:18 1/4. Today's card includes the three-year-old in which H. D. McKinney has George W. Howe; the 2:19 pacing class in which John C. Chadwick has Boovee K.; the 2:19 trot in which E. W. Sherman has Virginia; and the 2:40 trot in which Mr. McKinney has King William L.

BELOIT'S POLITICAL POET WRITES

"Hogan's One Hoss Shay" The Subject of His Rhyming.

A Beloit poet sends the following to the Free Press:

Hogan's "One Hoss Shay."
Did you hear of the wonderful Janesville man,
Built on such an illogical plan,
Who served as sheriff two years and a day,
And then of a sudden, he—Ah, but stay
I'll tell you what happened, without delay.
He scared the people into fits,
Frightened others out of their wits—
Have you ever heard of Hogan, say?

Eighteen hundred and ninety-four,
Hogan's ideas began to soar,
And he sought to be sheriff one term more.

This is the year in Janesville town,
That the earth will open and gulp him down,
And Hogan's army be done so brown,
Left with out a scalp to its crown
'T will be on terrible election day
That Hogan will find the duce to pay.

Now in fixing up politics, I tell you what,
There is always, somewhere, a weakest spot—
And Hogan's thousand dollar bill
Which he said he'd throw into the till,
Will surely work poor Johnnie ill,
And that's the reason, beyond a doubt,
That in Rock county you round about
"Will" Appleby's forces have grown so stout,
For a thousand dollars won't buy them out.

TWO SHOWS ONE PRICE

All Under One Canvas and For One Price Of Admission.

It is not often, nowadays, that a person is given two for one, but such was the case at the Myers Grand last night. For several days the newspapers had much to say in regard to Fisher's Cold Day Company and Scots Chip O' The Old Block. In fact they had been praised so much, that when the curtain rose at 7:45 last evening, one of the largest and most fashionable audiences ever in the Grand was there to partake in the festivities, and not a soul was disappointed. From the first move in Cold Day, until the curtain went down on the last in the Chip O' The Old Block, at 11:30, it was a continuous uproar of merriment and laughter. One would naturally think three and one half hours is a long time for an entertainment to last, and that it would grow tiresome, but such is not the case with these two shows. There is no sameness, always something new, and as the evening passes away one becomes more interested and scarcely realizes that it is half-past eleven o'clock when you are ushered out. It is out of the question for us to describe these entertainments in detail. Both companies have good voices, the singing and dancing is the latest and the specialties were all above the average. Perkins D. Fisher, as a first-class comedian, is way above the average. His eccentricities were excellent, and he has surrounded himself with a corps of actors and actresses that cannot be beaten. R. L. Scott is one of the funniest of funny comedians on the stage. As commodore in "Chip O' the Old Block" he is a grand success, and he has assistants who are equally as good. Each and every one played his part to perfection. It was certainly an entertainment Janesville may well feel proud of, and Manager Stoddard deserves congratulation on bringing two such fine companies to the city. Wherever these two entertainments may go, they certainly carry the hearty good will of all Janesville theatre goers, as a more pleasant evening could not possibly be spent when a "Cold Day" and "Chip O' the Old Block" are in town. Special scenery is carried for the "Cold Day" and an electric elevator in full working order for "Chip O' the Old Block," each being quite real.

PROFESSIONAL BEGGARS IN TOWN.

They Worked This City and Got Considerable Hard Cash.

Following the band organ man who left town yesterday came three professional beggars with a smoother system. They were old women, one of them using a crutch and appearing quite feeble. They got in town on an early train and paid for their breakfast. After looking over the town from the Northwestern depot platform they started out on the work of the day. They did not take clothing and only wanted money or food for present eating. Between 2 and 3 o'clock they met at the St. Paul depot and counted over their gains, sitting apart from the crowd. While the bystanders were few tickets to Rockford were bought. In Rockford they will doubtless repeat the work of today. They carried quite a large valise and seemed equipped for an extensive trip. They seemed unable to understand English or German and were thought by some to be Russian. On a piece of paper were written the names of Madison, Janesville and Rockford. This was presented when they wished to purchase tickets.

MUST PERSUADE WITH BARGAINS.

Janesville Advertisers Are in Line With Modern Business Teachings.

Janesville advertisers begin to realize that to draw trade they must do more than to keep their names before the public. They must persuade by special attractions. Buyers demand clear proof and demonstration and not bold assertion, before adopting a thing. How absurd, then, is the attempt made by so many advertisers to turn public sentiment in their direction by mediums that do not afford the least opportunity for convincing. Walls can display a name, but not influence; neither can directories or street cars. Their office is purely secondary. As reminders they may help a little, but as persuaders, they are emphatically useless. It takes persuasion now-a-days to get people to buy. Business men should bear this in mind while being urged to patronize doubtful advertising schemes.

AT THE ALTAR THEY WERE WED

Pierson-Carlson.

Frank F. Pierson, the well known and popular gunsmith and Miss Minnie Carlson were united in the holy bonds of matrimony last evening at the home of the bride on North Main street. Rev. A. H. Barrington, rector of Christ church officiating. The ceremony was unostentatious only the immediate relatives being present. After an elaborate wedding feast had been served Mr. and Mrs. Pierson took the 9:30 vestibule train for the north, and after a visit to St. Paul, the Dells and other places of interest they will return to Janesville to reside. Both contracting parties are too well known to need any introduction to Janesville people and many friends of both will wish them happiness and prosperity.

Wisconsin State Fair.

For the above occasion the Northwestern line will sell excursion tickets to Milwaukee and return at half rates—one fare for the round trip. Tickets on sale from September 15 to 22, good for return passage until September 24, 1894, inclusive. For the tickets and full information apply to agents Chicago & Northwest. N. B. Y.

BUTLER IS IN JAIL FOR A BAD OFFENSE

ANOTHER BELOIT ASSAULTER
BEHIND THE BARS.

He Was Supposed to Be the Ringleader of the Ferrin Case Gang and Had Eluded Arrest—Boy Bicycle Thieves May Get a Pardon From the Governor.

Durbin Butler, who was said to be the ringleader of the gang who made a brutal assault on Miss Esther Ferrin of Shopiere, is in jail and will stay there six months, as the penalty of his crime. Butler is from Beloit and was arrested by Marshal Appleby who has been watching for him some time. Butler had succeeded in keeping out of sight for some days, but the first time he showed himself the marshal got him. He pleaded guilty before Justice Pierce and was sentenced to six months, the full penalty. Alexander, the first man convicted of crime, has paid his fine and is now at liberty. His sentence was \$25 and costs or ninety days. Three of the gang are now in jail, they being Bundy, Braderon and Butler.

Boys May Be Pardoned.

Roy Mosher and Walter Gibbeant, the two boys who are in jail for a ealing bicycles are likely to be pardoned by the governor. The two hail from Beloit and a petition asking for executive clemency for them was liberally signed by Line City people. Sheriff Bear also interceded for them and the governor took the petition under advisement for one week, which time is up today. The boys were brought to jail August 20, on a six months' sentence, so they have served two months of their time. This was their first offense and their reputations had been good previous to the present trouble. The Sunday school workers in the Line City were especially active in working for the boys.

Did Not Steal Grass.

District Attorney Wheeler has dismissed the case of the state against R. J. Hartshorn and William Lambert, two Beloit men who were charged with stealing hay, no one appearing against them. They claimed that they were maliciously charged with belonging to the Slater farm, situated on the bank of Rock river. The land they said was purchased by the Beloit Water Power company who paid Mr. Slater \$1,000 for same and now control it. Further they said the case was dismissed because District Attorney Wheeler did not consider the case against them worthy of attention.

MR. MINER REFUSES A RE-ELECTION

No Longer Wishes the Treasurership of the State Society.

W. K. Doyan, the Madison banker, will succeed Hon. Cyrus Miner of this city as secretary of the State Agricultural society, Mr. Miner stating that he would under no circumstances be a candidate, and for this reason, among others, Mr. Doyan consented to allow the use of his name. There will probably be no other, and his election is therefore almost certain. He has been Mr. Miner's assistant treasurer for years and is considered to be eminently fitted for the office.

GOOD TEMPLARS GO TO BELOIT.

Eleven Janesville Delegates Attend the District Convention Today.

The Janesville delegates to the annual district convention of the Good Templars went to Beloit this morning to attend the session of that body which opened at the Line City this morning and will continue through tomorrow. The delegates were J. A. Canniff, Miss Jones, Nellie Ward, H. A. Palmer, Mr. Humphrey, G. I. Stratton, Anna Lewis, E. S. Baker, Frank Hall, Charles Hall and Minnie Belkey.

HENRIETTA CLUB'S PRETTY PARTY

Last Night's Event Was One that All the Guests Enjoyed.

All enjoyed the dancing party given by the Henrietta club at the armory last night. Smith's orchestra furnished the music for the dancing and it was of unusually high grade. The Orpheus Mandolin club also played they having the platform from 8 to 9 o'clock. Every arrangement was perfection and the event was one that all will remember with pleasure.

SEVEN INCHES OF RAIN IN CLINTON

Copious Rainfall in the Past Two Weeks—The Water Works.

CLINTON, Sept. 18—About seven inches of water has fallen here since September 3. Pastures and meadows are again green, and stock have plenty of food. Harry Van Galder and Lizzie Shmael were married Wednesday evening, September 12, and Hayden Stewart and Ruby Murray on Thursday evening, the 13th. Grace Murray commenced teaching the Summerville school on Monday, the 17th. Charles Hamilton and wife are prospecting near Springfield, Missouri. Charley Elliot has moved the house erected many years ago, by H. W. Carpenter, onto a new foundation on Quality Hill, Clinton. Citizens voted to bond the village for \$13,000 to build a system of water works. The vote stood 164 for and 24 against, or nearly 7 to 1. It is expected that work will commence very soon. N. E. Winegar has recently brought two car loads of milch cows from Iowa. D. G. Cheever and N. E. Winegar finished appraising the William Wiman estate last Friday, the footings make the property worth about \$75,000. It is expected that the electric light plant will furnish power for the new water works.

THE GROVE VOTED FOR BARLASS

Bradford People Glad He Got the Watch—Frost Early Tuesday Morning.

EMERALD GROVE, Sept. 18—Among the many premiums distributed by the Rock County Agricultural society none were more complimentary or sharper contested than the gold watch bestowed upon Hon. Andrew Barlass of this place as the most popular farmer in the county. His many friends in Southern Wisconsin will be pleased to learn of his popularity. Mrs. John McArthur is at home again, having returned from her three months visit in California last week. Three young men from the Janesville Y. M. C. A. conducted the services in the Congregational church last Sabbath, in the absence of the pastor. Among those who commenced school in Janesville this week, are Misses Christina Barlass, Estella Loyd, Flora Boynton, Laverna Gillies, Claud Inman, and Willie Loyd. Grass has made a growth equal to any spring since the rains. Corn cutting is about complete while fall plowing has fairly begun. The state fair will attract many of our citizens to Milwaukee this week. Light frost on the morning of the 18. No damage. Gillies & Jones have received their first invoice of fall gloves. Please notice them. Will Dean lost a horse Saturday morning. The crop of auctions will yield about six to every four corners in this section. H. L. Inman is expected home this week from Pulverburg, Pa. Knowing ones say he will not come alone. John W. Jones, of Maunson, Iowa, is in this vicinity. Services will be held as usual in the Congregational church on Sunday. Preaching by the pastor. In the evening a stereopticon service will be held illustrating a short section of the life of Christ. Bible class will be resumed on Saturday evening of next week.

MILTON JUNCTION FAIR OCT. 3.

Exhibition in Charge of Du Lac Grange and Will Be a Big One.

The Milton Junction fair will be held on Wednesday, October 3. This exhibition is under the auspices of Du Lac Grange, of which J. G. Carr is president and W. A. McEwan secretary. Heretofore these fairs have been attended by large numbers of interested people. The association has issued a premium list offering liberal premiums on exhibits, and they invite the public to attend free of charge.

Vote Was the Biggest in Years and Highest Fee Was Winner by 305—Goes Into Effect Next July and Holds Good For the Next Three Years.

Janesville has gone high license and five hundred dollars is the price that will have to be paid for the right to sell after next July. The vote was in the nature of a landslide, the advocates of low license having worked hard with carriages to keep it down to the present price, \$200. This decision of the voters will be in force for three years and means much to the city and the saloon men. The total vote was 2,246 of which 1,338 were for \$500; 933 for \$200 and 75 for \$350. The advocates of the \$500 fee out numbered all competition by 305 and had 230 majority over both \$350 and \$200. The vote in detail was:

The vote was a heavy one. In 1888 but 1413 votes were cast and in 1875 it was but 1375.

According to the latest reports the railroads of the country have liabilities amounting to \$11,000,000,000. Such figures are beyond human imagination. A comparison shows that the public debt at the close of the war was \$2,773,236,173, less than one-third the railroad debt.

Interlined "Celluloid" Collars and Cuffs turn water like a duck's back and show neither spot nor soil. They are not effected by perspiration, and always look as if right out of the box. When they get soiled you can clean them in a minute by simply wiping off with a wet cloth. These are but a few of the advantages of wearing the "Celluloid" Collars and Cuffs. There are many others that you will readily discover the first time you wear one.

They are the only waterproof interlined collars and cuffs made. Be sure to get the genuine with this trade mark

stamped inside, if you desire perfect satisfaction. Made in all sizes and all styles. If you can't get them at the dealers, we will send sample postpaid, on receipt of price: Collars, 25 cents each. Cuffs, 50 cents pair. State size, and whether you want a stand-up or turned-down collar.

FALL GOWNS.

Shades, Quality and Styles in Makeup Most In Vogue.

Blue and straw shades are still in vogue, while petunia and geranium tints reappear in the autumn fashions, and combined with black bid fair to be as popular this coming winter as they were during the last one.

In spite of repeated assertions that skirts are decreasing in size, the new models show little difference in shape or dimensions from those prevailing in the spring. The plain skirt still holds its own in Paris, although now usually made over a separate lining, instead of the lining being sewed in at the seams. Practically this separate or drop lining, as it is called, is a drawback rather than an advantage unless it is made of silk and prettily trimmed, in which case a silk petticoat does as well and is generally serviceable besides. A drop lining made of cambric is unsightly and adds to the weight of the skirt without subserving any particular purpose. Cheviot, serge and poplin are all fashion-

GERANIUM COSTUME.

able and women of moderate means will be glad to know that cashmere, that most serviceable of fabrics, is again coming into favor. It is never out of date for mourning costumes, but it is to be worn this fall in all colors.

There are indications that moire, the reign of which has been so supreme, is to be superseded by satin, a material of better wearing qualities if less brilliant in effect. Variegated effects in stripes and figures are characteristic of autumn novelties in both silk and woolen goods. The gown illustrates a revival of the 1840 style somewhat modified and is more decidedly new than anything else yet shown. The skirt is composed of ruffles of sheer black grenadine edged with narrow ribbon and mounted on a lining of geranium silk. The corset is of geranium silk embroidered with black, as are the epaulets, while the chemise is of accordion plaited black mousseline de soie. The immense gigot sleeves are of grenadine over petunia silk. Epaulets and cuirass are trimmed with a fringe composed of small black drops. An ecru bonnet trimmed with cream ribbon and geranium plumes completes the costume.

ACCESSORIES.

Minor Dress Details Are Now Receiving Much Attention.

The minor details of dress are receiving a large share of attention just now. With fancy waists, collars, vests, waistcoats, blouses and neck dressing, one may almost transform an ordinary wardrobe. It takes but little time and less material to fit up some of these pretty things, and their effect in brightening the average costume is satisfactory as to expense and eminently pleasing to the eye. A great deal of very fine plaiting is seen on some of the new imported dresses, and when appropriately used is an exceedingly advantageous means of trimming, especially in the hands of the amateur. Shoulder ruffles are still worn, but the newest models show more flat trimmings and a great deal of puffing. Elaborately trimmed waists, with galloon and ruchings of silk, made by fold-

FASHIONABLE CAPE.

ing the silk double and gathering it through the middle, are seen. The collars on almost all dresses remain high and close.

The revival of the old fashion of removable basques or peplums provides another means of giving variety to the wardrobe. A pretty house toilet may, by the addition of a peplum and short cape of the same goods, be converted into a suitable street costume, especially now that cooler weather gives an excuse for some sort of light out of door protection.

Feather boas have not yet entirely disappeared, their becomingness giving them a strong hold on public favor. Immense collars, or rather short capes reaching to the elbow and made of silk, jet and lace in more or less elaborate styles, form fashionable adjuncts to autumn gowns. According to French taste, it is by no means necessary that the cape should match the gown, although American women usually prefer to have the wrap meant for some special costume carry out the same scheme of color.

The cape illustrated has a yoke of black satin trimmed with applications of cream guipure. A moire flounce falls over the upper part of the arms, surmounted by a ruffle of guipure, over which is placed a ruffle of chantilly lace. Jet motives and fringe complete the decoration of the garment.

An Improved Alloy.

Fifty parts of copper, forty parts of zinc aluminum in the proportion of two and a half per cent of the whole are taken. This is one example, but others may be obtained by varying the amounts of copper and zinc to the same proportion of aluminum.

The mode of preparation of the alloy varies: For a hard metal, the copper and aluminum are first mixed to form a copper alloy and the zinc added in small pieces during continuous agitation of the molten mass.

This gives a reddish alloy that takes a high polish. For a ductile metal the zinc and aluminum are first mixed and the copper then added. This gives an alloy resembling brass. In both cases the metal is claimed to be non-oxidizable, proof against sea water, and, to a large extent, against acids.—D. W. Sugg, London.

Special Assessment Tax Notice.

To whom it may concern:—The special tax rolls for the paving of South River street, between Milwaukee and Pleasant street, and south Main street between Milwaukee and South First street, and the warrant for the collection of the same, are now in my hands for collection. All persons interested are requested to make payment of the same at the office of the city treasurer, or the same will be collected at the cost and expense of the persons liable for the payment of said special tax.

Dated this 11th day of September 1894. JAMES A. FATHERS, City Treasurer.

THE VOTE ON LICENSE.

The first chance Janesville has had

to give its opinion of democratic legis-

lation came yesterday. The vote left

no doubt as to what that opinion is.

By thrice electing mayors pledged

to collect the double license the voters

of the city had practically established

\$400 as the sum to be paid. Not once

but three times they had voted on the

question and said \$400 was none too

much. They had settled it as far as

any community might settle it.

Wholly without justification the dem-

ocratic legislature interfered. This

body, with one man chosen from

Janesville and 133 from other parts of

the state—one man familiar with

Janesville interests and 133 ignorant

—saw fit to overturn the work of

three thousand voters and say that

these three thousand were mistaken in

thinking they wanted the \$400 license.

Local self government was refused

and the intention of the community

thwarted for partisan ends.

That nothing was gained by that

move time has shown.

The bosses thought by avoiding all

contention as to license to elect a dem-

ocratic mayor. John Thoroughgood

defeated Richard Valentine the same

as O. D. Rowe had done but two

years before.

They declared that \$200 was the

highest license for which Janesville

would vote. Before the legislature

began its tinkering this may have

been true. Yesterday's vote showed

that it is true no longer.

Outside interference in local affairs

is not relished. The bosses would

have profited had they learned the

lesson two years ago.

NOW IT'S THE RAGGED SHIRT.

S. S. Barney, the republican candi-

date for congress in the Sheboygan dis-

trict, hit the nail square on the head

a night or two ago when addressing

the Milwaukee Young Men's Republi-

can Club. Said he: "There is no

waving of bloody shirts in this cam-

paign, but thousands of needy men all

over the country are waving ragged

shirts, and those who want whole

ones know that the way to get them is

to restore republican rule."

Economy being the argument made

by democrats in favor of Hogan's

election they will doubtless prove their

sincerity by turning as one man and

supporting the prohibition nominee.

He agrees to board tramps for \$1350,

just \$150 less than Hogan's bid. The

day that democrats prove their deter-

mination to support Bassett republi-

cans will feel they ought to go at

least half way down the sale-and-

barter ladder and support Hogan.

Democracy has changed indeed if

the Hogan proposition is upheld.

Democracy's unbroken rule for thirty

years has been to dispose of votes and

offices alike to the highest and not to

the lowest bidder.

The Beloit Free Press thinks that

"half starving prisoners isn't a business the republicans of Rock county

want to be a party to." It also re-

marks: "When the only qualification

for office is the lowest bid, the time

has come to abolish the office as well

as the bidder."

The Madison Journal refers to

Janesville's hero-politician as "General

Doe, the gleam of those brass buttons

has more than once caused Madison

maiden to write poetry and strong

men to feel that with him they could

march to horrid death for country."

Very few democrats are heard in-

sisting that the office of governor

should be let to the lowest bidder.

UNUSUAL HAPPENINGS.

Fulton county, Georgia, has two

oddly named candidates running for

office. One is Frank Rain and the

other is Henry Shower.

Jerry Connell, a real estate owner

of New York city, pays taxes amount-

ing to one cent a year. His lot is

probably the smallest in New York.

The United States express company

sent every employee of the company in

Chicago a \$10 bill and a letter of ap-

preciation of work done during the

strike.

Indianapolis has had a wedding

which should certainly have been per-

formed on the floor of the board of

trade. Mr. August Rye married Miss

May Wheat.

Sand filtration similar to the East-

ern plan has been tried in Lawrence,

Mass., where typhoid fever has been

very prevalent, with the result of

great improvement to the public

health.

While a little boy in Maine was

ringing a neighbor's door bell as a

joke, lightning struck the house, ran

down the bell wire, burned his hand,

stripped off one shoe and stocking

and left him the worst scared boy in

the state.

A man presented himself to the

Newark, N. J., hospital the other

night to be treated for "dislocated

ankle." He had caused the disloca-

tion in order to excite sympathy and

secure aid chiefly from the medical

profession. The doctor found that

the man is so peculiarly constructed

that he can twist himself into the

most outlandish shapes in order to ap-

pear to be suffering the most intense

agony.

Oddfellows Elect Officers.

CHATTANOOGA, Tenn., Sept. 19.—At

the business session of the Sovereign

Grand Lodge of Oddfellows Atlantic

City was chosen as the next place of

meeting. Officers were chosen as fol-

lows: Grand sire, John W. Stebbins,

Maryland; deputy grand sire, Fred

Carlton, Texas; grand secretary,

Theodore Ross, New Jersey; treasurer,

Isaac Shephard.

Futile Attempt to Wreck a Train.

LEBANON, Ind., Sept. 19.—The Big

Four Chicago express had a narrow

escape from being wrecked near Hazel

Ridge, four miles west of here, yester-

day. An obstruction, consisting of

some heavy plank and a large rock,

had been placed on the track in such

a manner as to wreck the express

train, but the obstruction was seen

and removed in time.

BOY TARS CAUGHT BY THE OFFICERS

TRIP TO NEW ORLEANS BY WATER CUT SHORT.

Parents at Oronomowoc Were Much Worried About Them so They Will Be Sent Home By the Sheriff—Other News of the Day in Town.

HOMER ROSECRANS, Samuel Beck and Fred Radcliffe, the three Oronomowoc boys who started for New Orleans in a birch bark canoe, arrived in Janesville this morning and were taken in hand by the police. They will be taken home by the sheriff, as their parents are much distressed about them. They started on their trip without saying a word to anyone about it and their sudden leave taking had the result of bringing young Rosecrans' father, O. L. Rosecrans, to Janesville in a hurry to head them off.

OUR chair sale is progressing very nicely. We were never able to offer as great bargains in chairs, or any kind of furniture as at the present time. We bought in large quantities so as to get low prices. That's why we can sell so much cheaper than the other fellows. Frank D. Kimball.

JOHN V. NORCROSS, of this city, and Fred F. Norcross, of Chicago, were ushers at the wedding of Miss Louise Holmes, of Beloit, and Edward C. Ritscher of Chicago, which occurred in the college chapel at Beloit last evening. The affair was a brilliant one.

SEVERAL Janesville people were registered at Milwaukee hotels yesterday. Mr. and Mrs. John Winans were at the Pfister; A. C. Galbraith was at the Davidson; Ogden H. Fethers and Henry S. Sloan at the Plankinton; and C. D. Child at the Republican.

COMPLETE your sets of World's fair views. Memories of the great exposition are treasures to be guarded jealously, and in no way can they be recalled as vividly as by well-executed pictures. Call at the Gazette office for Shepp's series. A few complete sets may still be had.

WHEN we are closing out our stock with the intention of quitting business, we pay no attention to profit and care but little for cost. Come and see us make an offer and the goods are yours. Finest line of wall paper and paints in the city. George I. Stratton.

"HARD TIMES, behind, not up to last years business, going backward," that's the way some dealers are talking, but we are making such low prices on goods that we are gaining on sales, if not on profits every week. Brown Bros. & Lincoln.

MONARCH tea stands superior to all other tea that sells at fifty cents a pound. With every pound you get a ten cent coupon, entitling you to some piece of solid silverware. See our show window; ask to see the silverware. Dunn Bros.

THE Presbyterians will give a church social in their parlors this evening. By mistake the notice last evening read to be given by the young people. This social is especially for the older members of the church and their friends.

O. D. LINCOLN, of the boot and shoe firm of Brown Bros., & Lincoln, will not come to the store tonight as Mrs. Lincoln will return from the east on the vestibule at 9:30 where she has been visiting for the past three months.

You can tell a spring chicken by his crow. We are old birds in the shoe business. We are working hard to get your trade. The best goods in the market and a divide of the profits. Yours truly. Brown Bros. & Lincoln.

EXAMINE the make on the sole of the rubber you buy, and see that they are first quality and then come to us and we will make the price lower than the lowest. Brown Brothers & Lincoln.

We wish to return our most heartfelt thanks to the hundreds who have spoken words of praise for the Colby piano. "It has no peers and but few equals" is the verdict of every one. D. W. Koller.

We have no use for trusts. That's why we stand alone. The people, as usual, are always with us. We are selling chairs for less than they can be bought at the factory. Frank D. Kimball.

THE action of the Colby is of the best, light, even, elastic, and thoroughly durable. In a word, the Colby is in every detail one of the most perfect pianos manufactured today. D. W. Koller.

Do they appreciate china at one-half price? You would think so to look on us. We are selling Ironstone china at ten per cent discount. All goods marked in plain figures. Wheelock's removal sale.

We will trust our Monarch Tea to any good judge in America. It is the best Japan tea produced; only 50 cents a pound and 10 cents a pound reduction in shape of handsome silverware. Dunn Bros.

FOR a nice, cheap, easy conveyance, we recommend our pony wagons. We build them to fit any sized pony and at twenty dollars less than ever sold in the city. Janesville Carriage Works.

Mrs. DAK and children, who have been visiting Mrs. Dake's parents, Mr. and Mrs. Richard Wiggins, returned to their home in Nashville, Tenn., this morning.

It is rather early to sell capes, cloaks and wraps, but we had a tremendous trade on such garments yesterday and today. The people know where the bargains come from, and that we cut all profits in two in the middle. Bort, Bailey & Co.

OUR new store will be one of the handsomest in the state. We will build 2,200 square feet to the rear, and stock it with a stock of dry goods that will dazzle your eyes. Bort, Bailey & Co.

COMMENCING tonight all the boot and shoe stores will keep their places of business open every night in the week, Tuesday and Friday nights excepted, until further notice.

W. A. JACKSON, Henry S. Sloan and J. C. Wilmarth, went to Milwaukee this morning as delegates from the Janesville Young Men's Republican club to the state convention.

WE never deviate from our fixed rule. We have said we will discount any price named by any furniture dealer in Janesville, and we will do it. Frank D. Kimball.

A BALL bearing buggy is quite a novelty. We have them. In fact everything new can always be found first at our factory. Janesville Carriage Works.

BORT, Bailey & Co. have an extensive price list in this issue. Many articles are named. Surely every lady can find something there that will interest them.

MAYOR THOROUGHGOOD and daughters, Misses Ada and Sara Thoroughgood, went to the state fair this morning, intending to be absent two or three days.

GENUINE silverware is what Dunn Bros. are giving away with each pound of Monarch tea. The best tea in the world that sells for fifty cents a pound.

ASK any one "which is the best furniture house in Janesville" and the answer will be, Frank D. Kimball's; he sells furniture for what others pay.

WE will never offer more of a given article at a given price than we have to sell. Have you noticed the prices on our underwear. T. J. Ziegler.

WE will remain open every night during the week except Tuesday, Friday and Sunday nights until further notice. Brown Bros. & Lincoln.

WE have yet to find the person we cannot fit with our Pickwick suits. They are the height of a merchant tailor's ambition. T. J. Ziegler.

R. W. LONG, president of the Dry Extract company, goes into Milwaukee tomorrow, to attend the banquet of the Ivanhoe Commandery.

R. A. KNOFF has brought a basket of tomatoes that are larger than croquet balls to the Gazette office as a sample of his growing.

J. C. MCINLEY of the west side fire station is inspecting the Milwaukee fire department today and gaining pointers in the service.

TORTOISE shells and side combs are very popular among the ladies this season. We have a lot that are genuine. F. C. Cook & Co.

WE have no trouble to sell our buggies. They are models of perfection and sell themselves. Janesville Carriage Works.

H. F. MAXFIELD, who has been in the city several days visiting relatives, returned to his home in Stevens Point today.

MRS. H. C. CAREY and little daughter, of Freeport, Ill., is visiting with her uncle, E. C. Burdick and other relatives.

HIGH SCHOOL LOT A ROD TOO SHORT

PROPOSITION THAT STARTLED THE SCHOOL BOARD.

They All Looked Very Much Worried Until They Found That Mason Contractor Mackenzie Had Measured Once too Many Times With a Sixteen Foot Pole.

Several members of the school board felt their hair rise up on end when they visited the site for the new high school yesterday.

Driven in the street several feet from the walk was a stake.

"That's where the end of the building will come; the lot is too small" the contractor declared.

They gazed at the stake and then at each other.

"We must have been asleep," said one, eyeing the stake, "when we purchased this ground, not knowing the size of the building."

"Asleep, you say," responded another, "I guess we were as wide awake as you when you adopted plans for the building, not knowing the cost, and afterwards cutting the plans down to the appropriation."

The problem was not easily settled. At first some of the members thought it would be necessary to reduce the length of the building, to bring it on the lot. Others favored the moving of the building up to High street.

"Perhaps someone has made a mistake," one of them ventured and they then measured with a tape line.

That told the story.

Measured the Distance Wrong.

Duncan Mackenzie, the Rockford man who has the contract for the mason work had made one too many passes with his sixteen foot pole, and that is given by Clerk Cunningham as the reason of the "misunderstanding."

"Everything is all right," said the clerk of the board, "and the work will go right along. The lot is big enough."

The lot is an irregular shaped piece of ground, having a frontage on High street of 155 feet, 132 on Dodge, and about the same on Pleasant, but the angle on Pleasant street greatly reduces the width between Pleasant and Dodge street, a few feet west of High street, so that on reaching the west line, the lot is only 132 feet wide. By placing the building near the High street line, the board think they will be able to get along without reducing the length of the edifice.

"RED" DELANEY BOBS UP AGAIN

Janesville Man Shows Up After a Long Absence From Town.

"Red" Delaney, who has been giving Janesville a wide berth since he was sent to the penitentiary for stealing a keg of beer, came to town last night and acquired a large load of liquor which prevented him, in the language of his kind, "from hauling his freight properly," or in other words he was too drunk to walk a crack. Chief Acheson helped him to jail and he will probably be provided with railroad transportation if he isn't kept in jail.

DARB GRIFFIN'S NOVEL SENTENCE

Municipal Judge Phelps Sends Him, "To the Tobacco Field."

"I sentence you to hard labor in the tobacco field," said Judge Phelps this afternoon, addressing John Griffin, who will be better known by the name of "Darb" Griffin was arrested yesterday by Patrolman Hogan, and was confronted this afternoon with a charge of drunk and disorderly conduct. He promised the judge that he would go immediately to the field.

C. T. WILCOX THE FIRST TO PAY UP Got the First Receipt for River Street Paving Costs.

Charles T. Wilcox was the first man to pay his share of the expense of the paving of South River street, into the city treasury. His share amounted to \$132.54 and he exhibited City Clerk Bates' receipt today with a good deal of satisfaction.

"They say I opposed this paving," he said, "but I notice that I was the first one to pay up."

Fair and Cooler Tomorrow.

Forecast: Tonight fair and warmer in the southern portion. Thursday fair and cooler.

The temperature as recorded by S. C. Burnham & Co. during the last twenty-four hours was as follows: 7 a. m. 46 above. 1 p. m. 72 above. Max. 74 above. Min. 44 above. Wind, south.

C. S. JACKMAN NOT LIKELY TO SUE.

Says His Father Never Had A Title to the High School Lot.

It was said about town today that C. S. Jackman was preparing to commence action to compel the city to vacate the lot occupied by the present high school under the terms of the agreement in the deed given by his father that it should be used for a high school site, and when not so used resort to the original owners. Mr. Jackman was seen this morning and said:

"My father never held a title to that property, consequently I would not have much chance to bring such a suit. I have heard, however, that an effort will be made to have the county take steps to secure a state normal school here, and as an inducement the high school site is named as a bonus."

PALMER SNUBBED MORRIS.

Democratic Nominee Withdrew Without Telling Engineers of the Machine.

Postmaster Frank Morris of Milton was in the city a short time today. Morris, besides being postmaster, is chairman of the democratic county committee, and finds plenty of time between mail arrivals to pour oil on the political machine, but now and then a break occurs.

"Palmer, I see by the Gazette, declines to run for county superintendent," said Mr. Morris. "He never said a word to me about it after being nominated. He wanted the nomination, and came to me before the convention, asking for it. I told him I would try to get him nominated. So under the circumstances, I think he ought to have sent the letter to me. However I think it just as well for him."

CIDER CAUSES FIGHT AND FINE

Bartley Fanning Pays \$19.90 For Punching Michael Joice's Head.

Bartley Fanning of Johnstown was in the municipal court this morning, charged with an assault on Michael Joice. Fanning it appears, went to Joice's to get some cider. Joice thinking that Fanning was heavily loaded, told him that he appeared to have enough and could not get any more. Fanning got mad, and it is said pitched into Joice with the intention of making his body into pumice. He pleaded guilty before Judge Phelps, and received a fine of \$10 and costs, all amounting to \$19.90, which was paid.

MANY REASONS FOR THE VOTE

People. As a Rule, Say It Was Their Voice.

There are many reasons given for the sweeping high license victory yesterday, many insisting that it was a fair expression and that people outside the saloon influence appear to be of the opinion that the result is their voice. The saloon men themselves appear to take the result as a matter of fact, and the most of them claim it was just as they expected. Alderman Cunningham said:

"The result is with the people, while the three hundred dollars additional license is charged up to the saloon keepers."

JEFFRIS MAY LEAD THE STATE LEAGUE

JANESVILLE MAN MENTIONED AS J. T. KELLY'S SUCCESSOR.

Convention of Republican Clubs Called to Order at West Side Turner Hall, Milwaukee This Morning and Officers Selected This Evening—The Fall Campaign Opened.

Malcolm G. Jeffris is likely to be elected president of the Republican League, which met in Milwaukee today, to succeed John L. Kelly, of Milwaukee.

The election was set for this afternoon but at 4 o'clock the matter had not been reached and the delegates were listening to a speech by Hon. W. E. Mason, the republican candidate for congress in Illinois. It is hardly probable that the selection will be made until this evening.

In speaking of the prospective change the Sentinel this morning said: "Mr. Jeffris is one of the ablest and most capable young republicans in the state. As president of the league he would be a power, so it is generally believed, and the young republicans under his guidance would be out and working all through the state. It is only feared that Mr. Jeffris' personal business will not permit him to accept the presidency."

The convention was attended by five hundred to six hundred delegates and marked the opening of this fall's campaign. The convention was called to order at 12 o'clock by President John T. Kelly, who delivered an address and submitted a report of the condition of the league in Wisconsin. Committees on credentials and resolutions were then appointed, and an adjournment was taken until 2 o'clock. During adjournment the different congressional delegates met separately and selected vice presidents and members of the executive committee. After re-convening, committees reported, the congressional delegation announced the names of their choice for members of the executive committee and vice presidents and the election of officers was proceeded with.

The Janesville delegates were W. A. Jackson, Henry S. Sloan and J. C. Wilmarth.

CHARACTERISTICS.

John Howard, a Kentucky man who has been eating rattlesnakes for several years, says that there is no finer delicacy.

A crusade is being started against the engagement ring in Boston. One of the reasons given for its proposed abolition is that many girls become engaged for no other purpose than to add another ring to their collection, and break off the contract as soon as it becomes convenient.

The drum major of a band in Lockport, N. Y., a day or two ago, while leading an excursion party through the main street to the depot, was seen to be keeping time to fast music by chewing gum. Some one called out "Gum major," and the joke arrived at the depot before the procession. That particular drum major has a name that will stick to him.

A Washington, D. C., negro was arrested the other day while in the middle of a lively scrimmage with some other brethren of color. When before the court the next morning he asserted that his purposes were peaceful. "But you had a brick in your hand," said the judge. "Yes, sah." "What were you going to do with it?" "Take it home, sah, to sharpen my knife with, sah."

"Er—our revival has resulted in so many accessions to the church," said the Hoosier minister, leaning back in his chair and putting the tips of his fingers together, "that I—um, aw—I think it would not be a bad idea for my salary to be increased." "I am afraid we can't do it, brother," replied the deacon. "You see, the only way we got so many of them to join was by explaining that with a large membership the burden of carrying the minister at the salary you are now getting would be but little felt."

Water Found in the Sioux Lands.

CHAMBERLIN, S. D., Sept. 19.—Water has been struck in an experimental artesian well sunk on the farm of G. S. Grant in ceded lands, solving the water problem in a region comprising about 10,000,000 acres.

A resident of Tuscaloosa county, Ala., is the father of eleven children, six being school teachers and the other five attending school.

The forest land owned by the state is in Germany thirty-three per cent of all forests, in Scandinavia fifteen to twenty, in France ten, in Switzerland four, and in Italy not two.

Diver Pahlberg of New London, Conn., found a ring owned by Mr. Webb of New York city, in twenty-five feet of water recently. Webb was yachting when the ring fell overboard, and that the diver recovered it seems almost wonderful.

WOMEN DIPLOMATS ARE VERY CLEVER

WIVES AND DAUGHTERS OF OUR
AMBASSADORS.

Mrs. Bayard Is a Favorite at Windsor
Castle and Often Lodges with the
Queen—Miss Ethel Washburn at the
Austrian Capital.

IT IS VERY PLEASANT to know that the wives and daughters of some American ministers now abroad, filling foreign missions for their country, have met with an unusual degree of favor in their respective foreign courts. None have suffered at all by being placed within the fierce light that beats upon royalty; and nearly all have met with marked distinction, shown in various court ways.

Mrs. Bayard has been one of the most favored of all the ladies abroad. She has several times been received informally by Queen Victoria; and on occasions of festivities at Windsor she has been invited to remain over night in the castle. And with Victoria Regina this means as much as it does when you or I—wishing to be sure of the presence of a favorite guest—ask her to come early, stay all night and remain for a gossip the next day.

Mrs. Bayard is, even at home with her own people, a very quiet, reserved woman, with little American enthusiasm or ardor. Perhaps this fact, with her highly educated mind, makes her all the more acceptable to the conservative English ladies. She wears some of the smartest gowns seen at Windsor or at the smart balls of English society. Mrs. Bayard is not a young woman, although very delightful in conversation and as entertaining as a season's belle.

Mrs. Eustis is really a pretty woman. But she is of the peculiar type of pretty women who can not take a pretty picture—you have known just such yourself. The only one Mrs. Eustis has had taken for years was on board a yacht. The occasion was a very fashionable yachting party near Paris and the inevitable snap shutter

MISS ETHEL WASHBURN.

who haunts even lovely Paris thought to get a fair likeness of her with a parasol over her head. The photograph was taken, but it was even more disastrous than any of the others. Mrs. Eustis lives elegantly in the French capital.

Mrs. Theodore Runyon took to Germany a personality fitted to be much at home anywhere in the world. She combines New York birth with Moravian seminary training, among the Moravian nuns of Pennsylvania, with knowledge picked up by extensive travel in the tropics and explorations, wherever it is permitted women to travel. Mrs. Runyon and Mrs. Levi P. Fuller, wife of Vermont's governor, are said to be the most intelligently traveled woman in the world. Mrs. Runyon entertains even as much as the German minister's wife has done for several administrations and is extremely liked abroad.

Mrs. Bartlett Tripp and her daughter, Miss Washburn, were among the first ladies received when the Empress Elizabeth of Austria emerged from her retirement a year ago and began—after long mourning for her son Rudolph—to hold a limited court. The empress admired Miss Washburn and made many inquiries concerning her personality. And when told that at her own home in South Dakota, she was called "The Lily of the West," her majesty exclaimed, "How very beautiful!"

Mrs. Tripp is one of the best dressed women in the Austrian capital. One of her favorite gowns, which might indeed be called her picture

MISS RUTH BAKER.

dress, is of red velvet trimmed with a heavy beaded material set thick with pearls. She has adapted the Viennese styles, greatly to the pleasure of the Austrian ladies; and, like them, contrives queer and picturesque neck arrangements to harmonize with her gowns.

Miss Washburn, a very stately brunette, dresses in white on public occasions; as, although presented to the empress in a semi state, she has not yet passed through the society ordeal known as "coming out."

Mrs. W. W. Thomas, Jr., has led a life always in court circles, and its most important events have been, one might say, "social events." On her seventeenth birthday she was presented

at the Swedish court—the daughter of a nobleman. On her eighteenth birthday she married an American gentleman traveling abroad, Mr. W. W. Thomas. On the day she was 20 she presented Sweden with a little Swedish-American boy, and two years from that day found her again making her bow to King Oscar, as the wife of a minister plenipotentiary. Mrs. Thomas is one of those beautiful women who go through life listening to sonnets dedicated to "My lady's eyebrow," and whose path is strewn with the fragrant flowers of adulation. The Swedish Beauty and Art Reviews teem with pictures of her and allusions to her loveliness. Her dinners are declared to be international poems.

MRS. J. S. EWING.

Mrs. Ewing, with her two daughters and son in Belgium are entertaining and being entertained more than has been customary in that country. Every week they give large dinners, and frequently they are invited into the royal families of the Belgians. Indeed, in that country the "caste" line is so rigorously drawn that the ladies must associate with nobles or with no one at all.

Miss Ruth Baker, daughter of the Minister to Nicaragua, Costa Rica and Salvador, is a young woman who, if she were in a fashionable court, would reign as one of its most renowned beauties. In Minnesota she was considered the fairest belle in a state of fair women.

Although very young, Miss Baker has seen a good deal of the world, and is her father's inseparable and loyal companion.

It has often been predicted that American ladies, subjected to the flatteries and becoming used to the homage of foreign courts, would be spoiled for life afterward in their own homes. But such has never proved to be the case! In every instance, after a four years' experience abroad as the wife of a diplomat and a friend of royalty, the American woman has come back to her native shores singing, not the strains of regret for glories left behind, but rather shouting with true American emphasis the words:

"There's no place like home!"

Electric Mail Cars in Brooklyn, N. Y. The Atlantic Avenue Railway company has recently completed at its shops, Twenty-fourth street near Fifth avenue, an electric postal car designed by the company officials, assisted by the postal authorities of Brooklyn, patterned after the standard type of postal car used on steam railroad lines.

Only half of the car will be used for postal purposes, the other half being a smoking compartment. There are pigeonholes for distributing the mails and hooks for holding the mail pouches open. Drop letter boxes are provided at each corner of this compartment.

The exterior of the car presents a very handsome appearance. It is painted white, like the United States mail cars which are run on steam routes, the smoking compartment being lettered "Smoking Car." The windows are covered with wire screens. The car is mounted on a Brownell truck.

Two of these cars will go into service immediately.

Paris Exhibition of 1900.

Thirty-six projects for what is called the Clou, or main attraction, of the Paris exhibition for 1900 have been sent in to the special sub-committee. The well-known engineer, M. Armand Jeune, proposes the offering of handsome prizes for solutions of the three problems, transmission of sight to a distance, chromophotography on paper, and electric lighting without focus, by cold light with the aid of electric undulations of great frequency. M. Flammarion, the astronomer, proposes a shaft showing the various geological epochs with their inhabitants, and also an arrangement by which the spectator would witness the revolution of the earth as it is from the surface of the moon. M. Trouve, the electrician, advocates a luminous cascade falling from the upper platform of the Eiffel tower and also a luminous fountain rising to the same height. A bridge 100 meters, or 330 feet wide, is to be thrown across the Seine opposite the Invalides, and lined on either side with houses and shops like the old Pont Neuf and old London bridge.

IT'S EASY TO GET IN, where there's a sluggish liver, for any of the germs of disease that surround you. If your liver were active and healthy, it would keep them out of your blood. You'll have to watch your liver for self-protection.

Just as soon as you see the first symptoms that it's wrong (eruptions on the skin, or a dull and worn-out feeling) you ought to take Dr. Pierce's Golden Medical Discovery. That will start your liver into a healthy, natural action, purify your blood, too; it will brace up your whole system, and give you strength and color, and put on needed flesh—not fat, but wholesome, necessary flesh.

Dr. R. V. Pierce: Dear Sir—I heartily recommend your "Discovery" to any person suffering from general debility as the best thing they can take for it. After taking the "Discovery" I am happy to say I never felt better in my life than I do now.

PAPER POLES.

They Are Lighter, Stiffer and Stronger Than Wooden Ones.

One of the latest uses to which paper has been turned is the making of telegraph poles. The paper pulp employed is saturated with a mixture of borax, tallow and other substances. The mass is cast in a mold with a cone in the center, forming a hollow rod of any desired length, the cross pieces being held by wooden keys driven in on either side of the pole. The paper poles are said to be lighter and stronger than those of wood and to be unaffected by the many weather influences which shorten the life of a wooden pole.

It is doubtful, however, whether the paper pole will come to be anything like a rival to the iron pole, which is now high in favor for the carrying of all kinds of wire lines. The value of iron telegraph poles has been well tested under the most trying conditions on the lines between Europe and India, and again across arid stretches of country in Australia.

Insects that eat out the core of everything in the shape of wood, leaving the shell only, and bird borers that drill holes in the toughest of trees, let the iron poles pass, and even wandering tribes cannot chop it up for fire-wood, although down in Australia they have not yet quite got over their trick of making arrow heads of the insulators it carries.

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria is the Children's Panacea—the mother's Friend.

Castoria.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion. Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARKER, M. D., 125th Street and 7th Ave., New York City.

FOR SALE.

A model farm of 800 acres 60 miles west of Quincy, Ill., in the Great Blue Grass Region of Northern Missouri, lying three miles from the Hannibal & St. Joe and Santa Fe railways. On this farm are \$11,000 in new buildings, fine barns and sheds for stock, the house cost \$5,000 four years ago. Missouri is one of the best farming states, and here the soil, timber, grasses, water, fruit, climate and natural advantages are not excelled anywhere in the union. Dr. St. John resides in northern Missouri; Dr. Loomis just traveled through it and says the country and crops are fine. Will sell for what the land is worth and throw in the buildings, and take a small farm in Wisconsin as part pay. This is a bargain some man must have.

BRIEF BITS OF HUMOR.

Hungry Ancestors.

In an Italian garrison there was a private soldier by the name of Ugolino. One of the officers took the soldier aside and asked him:

"Are you a descendant of the famous Count Ugolino, about whom Dante wrote?"

"No," replied the soldier, "all my ancestors were poor people."

"I refer to Count Ugolino who was starved to death with his sons in the tower of Pisa."

"If he didn't get enough to eat, very likely he was an ancestor of mine, after all," replied the honest soldier.

Did He Look Like It?

The little boy had come in with his clothes torn, his hair full of dust and his face bearing unmistakable marks of a severe conflict.

"Oh, Willie! Willie!" exclaimed his mother, "you have disobeyed me again. How often have I told you not to play with that wicked Stapleford boy?"

"Mamma," said Willie, wiping the blood from his nose, "do I look as if I had been playing with anybody?"—Vogue.

Unconquerable Habit.

"Isn't it a beautiful night, Clarence?" she whispered tenderly, as her head reclined against his shoulder.

"Yes," replied Clarence, the barber, very absent-mindedly, as he ran his fingers softly through her golden hair; "fine night. Better have this hair trimmed up a little, though, hadn't you? Looks pretty ragged, you know, and it really needs a shampoo, too."—Chicago Record.

A Possible Solution.

"See here," said Chollie, "isn't this coat a trifle long?"

"I don't know," said the tailor. "Isn't it possible that you are a trifle short?"

And Chollie thought of the overdue bill for his last suit and admitted that the tailor was right. — Indianapolis Journal.

A Buffalo Man Gives a Pointer to the Saint.

In an art gallery in a town not far from Buffalo there hangs a splendid painting by some Frenchman (name forgotten by deponent) of the temptation of St. Anthony. The painting is one of the show pieces of the gallery and cost a fabulous amount of money.

This artist's version of the temptation represents the sorely-tried saint clinging to a small sapling with one hand, while three scantily-clad and bewitching females are tugging on the other hand and trying to pull the saint from his tree. The expression on the saint's face is the crowning glory of the picture. It is marvelously painted.

The other day a dignified and well-known Buffalonian was escorting through the gallery his wife and her friend, a charming young widow from Washington. They came to this picture and stood before it a long time discussing its beauties.

Just as they were about to leave, the young Washington widow glanced archly at the Buffalonian and said: "Now Mr. R. if you were in St. Anthony's place, what would you do?"

The Buffalo man looked perplexed and hesitated for a minute, then said: "Well, if the tree didn't break, I think I should let go my hold."

Black as Ink.

Are the prejudices which some people cherish against what is good for them. They reason, as our old friend Artemus Ward says, thusly, "So and so has been taking medicine for a long time and isn't any better." They only know of individual cases. Many could be cited, to their astonishment, in which Hostetters Stomach Bitters has brought about a complete change in the physical condition of persons suffering from general ill health. This stomachic, besides having the decided recommendation of the medical profession, is valued by the general public as the possessor of qualities as an invigorant and restorative of health not found anywhere else. In bodily trouble caused by the liver, stomach and bowels, in instances where rheumatic tendencies are experienced, and when the kidneys are weak, it is the true resort.

Drawing Jurors.

Notice is hereby given that, on Saturday, September 29, 1894, at 2 o'clock p. m., at the office of the clerk of the circuit court for Rock county, Wisconsin, at the court house, in the city of Janesville, said county, the petit jurors to serve at the November term 1894, of the circuit court for said county will be drawn according to law.

State Fair and Exposition at Milwaukee

For the Wisconsin State Fair at Milwaukee, the Chicago, Milwaukee & St. Paul railway will sell excursion tickets at half fare for September 15 to 22, good for return until September 24, and for the Industrial Exposition at Milwaukee, half rates will apply on above dates, but after that, exposition tickets will be sold at a fare and a third on Tuesday, Thursday and Saturday, up to October 20.

Waiting for a High Tide.

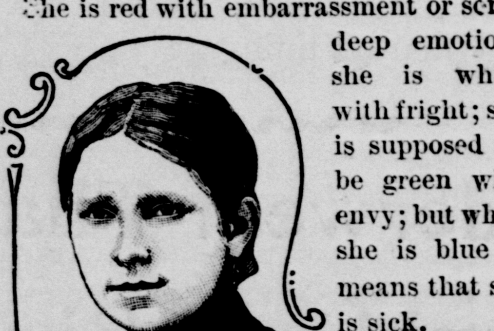

NEW YORK, Sept. 15.—The cruiser New York is in drydock at the Brooklyn navy yard, and can not get out until there is such an unusually unusually high tide as that on which she went in nearly a month ago.

WHAT ARE THE "BLUES"?

Woman's Color is an Unfailing Thermometer.

[SPECIAL TO OUR LADY READERS.]

A woman's thermometer is her color. She is red with embarrassment or some deep emotion; she is white with fright; she is supposed to be green with envy; but when she is blue it means that she is sick.

It is not the fault of the woman if she has the blues and that "want-to-be-let-alone" feeling. It is the fault of her condition which makes happiness impossible.

No woman can be happy and light-hearted when painful female complaints crush out her life. If she is melancholy, excitable, nervous, dizzy, or troubled with sleeplessness or fainting spells, they are symptoms of serious female weakness.

A leaf out of the experience of Mrs. Anna Miller, who lives at Duhring, Pa., shows that Lydia E. Pinkham's Vegetable Compound will cure that terrible weakness and bearing-down pain in the abdomen, the dizziness in the head, the feeling of irritability, and loss of appetite.

"I can highly recommend your Vegetable Compound," she writes "for all female complaints. It's my greatest friend."

Stick a Pin Here.

We have never fooled you. You will always find a full stock of any article we advertise. We don't advertise a three pair and tell you when you come to buy that we are sorry they are all gone, and try to sell something else. Trade we must have and to get it we are willing to cut our profits in half.
